## Team Memo #65

To All F4 Teams:

Circumstances beyond our control have required Virginia International Raceway to move our event date from the previously scheduled April date with PWC to the IMSA date on August 25-27. While we regret the scheduling impact this places on our teams, both VIR and SCCA Pro feel this date more suits our needs. Not only does the IMSA date attract a bigger audience with more media attention, but also it is situated in the summer and therefore doesn't impact the normal school year

Questions about the changes can be fielded to Mike (mcollins@sccapro.com) or Steve (soseth@sccapro.com).
