Wheel Tethers – Technical Regulation 10.4.2

Please note that the 2017 F4 US Technical Regulations (10.4.2) have an updated specification on the required wheel tethers. Please check with Onroak to determine if your car(s) have the new specification wheel tethers installed. Cars not in compliance are required to be updated. This will be checked at Homestead.

For rules inquiries please contact Mike Wright – Technical Delegate F4 US Championship - by e-mail at:
