The 2015 Exhibition Limited Anniversary project consists of approximately 80 unique custom guitars & basses, each one both a work of art and a high performance instrument. Incorporating the world’s finest materials, intricate inlays, hand carving and custom finishes, each model is hand crafted by master luthiers at the ESP Custom Shop in Tokyo. While custom shop designs are usually specified by the people who order them, these special exhibition models have been designed by the master luthiers themselves in commemoration of ESP’s 40 years of guitar craftsmanship.

SEE MORE AT ESPGUITARS.COM
It's your vision, from the body shape, to the feel of the neck, the graphics, the inlays, the hardware, the materials, and more, limited only by your creativity. It can be as simple as making subtle changes to one of our existing ESP models, or as complex as creating a brand new design that exists only in your imagination. With access to the world's most respected and experienced luthiers, ESP can literally turn your dreams into reality.

The ESP Guitar Company wants to give you everything you need to make personalizing a custom guitar fast and easy. Just visit espguitars.com and go to the Custom Shop page. You can download the custom order form and choose from every imaginable combination of guitar design options. Then submit the order form to any authorized ESP dealer for a price quote.
The ESP Original series are handmade guitars and basses in some of our most popular styles, produced in ESP’s world-famous custom shop and created with the same care and attention to detail as our custom order instruments.

ESP’s first and only USA based guitar manufacturing facility enters its second year in 2015. Located in North Hollywood CA, the ESP USA shop allows us to create instruments that continue ESP’s tradition of excellence in guitar building. The premier quality and craftsmanship that ESP is known for will now be available as 100% made in the USA. Production is extremely limited, and ESP USA Series instruments will be available through a select group of ESP dealers.

**INCLUDES CUSTOM FORM-FIT HARDSHELL CASE**
Handmade in California using materials sourced in the USA, each case is 100% hand stitched and features a padded leather handle.

**SPECIAL FEATURES**
- Set-thru smooth heel construction

- Finish: Sapphire Black Metallic

Available in EMG or Seymour Duncan pickup configurations.
In 1975, a small musical instrument shop called Electric Sound Products opened in Tokyo, Japan. In the back of the store was a small area for making custom replacement parts for guitars and basses. With that humble beginning, who could have imagined that over the subsequent four decades, ESP would grow into one of the world’s leading instrument manufacturers? Today, ESP’s Custom Shop, Original, E-II, Signature and LTD brands make guitars and basses for every style of music, and are available in more than 100 countries. For our 40th anniversary in 2015, we’ve created a selection of very special limited-edition guitars to commemorate this important milestone in our history.

ESP ECLIPSE 40TH

Tombstone cases use a high-resolution digital reproduction process for its graphics, along with a state-of-the-art infusion process resulting in a photo-quality image and a much more detailed look than typical silk screening. Each of these premium cases use quality materials and are form-fitted to protect the customer’s instrument—just like the ESP cases currently offered.

Available in the following models:
EC / MH / F / VIPER / EX / V / B Bass
