

FR Technical Advisory Memo

No: TAMFR-2020-029
Date: August 18, 2020
Subject: Ligier Bulletin FR #9 Pushrod Adjusters

Per the attached Ligier Bulletin F3 #7, the only allowable pushrod adjusters are part numbers 08-02-041A for the front and 08-02-2044C for the rear.

The front adjusters are unchanged.

The only allowed rear adjusters are the latest generation, recognizable by their black oxide finish and by the part number laser-etched on them.

This change is effective immediately.

The pushrod adjusters are Type 1 parts and this is a mandatory update.
