

## FR Technical Advisory Memo

**No:** TAMFR-2021-009  
**Date:** June 4, 2021  
**Subject:** Hankook Tire Availability

Due to worldwide shipping delays beyond their control, Hankook Tires is currently unable to deliver extra tires for non-official test days prior to the Mid Ohio Sports Car Course event.

Hankook Tires does have four (4) new sets of dry tires set aside for each FR entry for the Mid-Ohio event.

Teams will be able to purchase two (2) new sets of dry tires for use in the test sessions and/or practice session per the rules in Article 24.5. Teams will also be allowed to purchase two (2) new sets of dry tires for the qualifying and race sessions.

Teams should review Article 24.5 of the 2021 FR Americas Sporting Regulations for complete details on Tire Usage Limitations during an event.
