

FR Technical Advisory Memo

No: TAMFR-2022-001
Date: January 12, 2022
Subject: Hankook Tire Price Change

Hankook Tires will be increasing the cost of tires for 2022 because of increased transport and material costs.

The new pricing will be:
FR Front 230/560R13- \$315
FR Rear 280/580R13- \$355

That brings set cost to \$1,340 from \$1,300.

Track service costs remain the same, \$25/tire, for 2022.
