			73		Landan Matriano Lim		X
	5:20 PM		77		James Lawley		X
			02		Jett Bowling		X
	5:40 PM		07		Anthony Autiello		X

Pre-Tech Notes for Teams:

1. Each car must arrive to tech with the exterior bodywork in place so that decals may be inspected. The seat must be installed for the driver to do the required jump-out test.
2. While the decals are being inspected, the driver will perform the required jump-out test, have their gear checked, and have their official weight taken.
3. Once decals are inspected, and the driver has "jumped out", the team will remove the shock cover, engine cover, side pods, seat components, and the fire bottle access panel. Then that car may proceed to the mechanical inspection station.
4. At the mechanical inspection station, the ADR and Yellow Light boxes will be issued so the team may plug them in for testing. Teams must make sure the ADR and Yellow Light harnesses are installed before inspection.
5. If a team is unable to make their pre-tech appointment, they must notify the Technical Officials before their appointment time. Failure to do so may result in penalties.
