

Racing America Celebration of Speed

Dear Competitors,

You're invited to join us in kicking off the Racing America at Indianapolis weekend at the inaugural *Racing America Celebration of Speed* at Carter Green in Carmel, Indiana. Located just north of Indianapolis, Carmel sits in the heart of one of America's most passionate racing regions, located within easy reach of a dense network of race shops, suppliers and industry talent. At the center of the community is Carter Green—a purpose-built community space, built for high-energy, fan-facing events and festivals.

From 5:00–7:00 p.m. on Tuesday, June 16, Racing America will take over Carter Green, bringing local residents and businesses a taste of what to expect over Father's Day weekend at Indianapolis Motor Speedway.

The evening will include **driver autograph sessions** and **static car displays** with racecars from the Trans Am Series presented by Pirelli, Sportscar Vintage Racing Association, Formula Regional Americas Championship and more, along with the Racing America transporter.

We look forward to seeing everyone there!

Racing America Celebration of Speed Sign-Up Form
