SCCA Pro would like each team to fill out the following information regarding car numbers. We have given you the opportunity to list up to five car numbers in order of your preference. Please be aware that the numbers are not owned by the team but by SCCA Pro and we will assign all car numbers to the car owners.

By requesting specific numbers, we will work with the teams and sponsors to try and meet those requests, when able. The numbers that are assigned for 2016 are good for one year via an owner's license and vehicle entry. We will work with teams to reissue the same numbers from year to year, if requested, excluding number one,

Because SCCA Pro owns the right to all numbers, car owners cannot assign a number they do not have or transfer/ trade numbers. The sanctioning body maintains the right to revoke or transfer any number at any time.
