

F4 Engine Performance Test Request

Date of Request:	
------------------	--

Request for engine performance analysis / dyno testing, can be requested at any time during the duration of the lease program. An HPD representative and a SCCA Technical official must be notified that a dyno test is being requested. Each performance test request is unique and depending on the circumstance and available supporting data at that time, any engine change could result in series penalties per the "Sporting Regulations". Once approval is given the following information must be completed and sent via e-mail to Honda Performance Development - GRMSADMIN@hra.com. A \$1500 deposit will be applied to the customers lease agreement account.

Deposit Required: \$1500.00 Yes / No
