Subject: Series Transmission Service Provider

Sadev Transmissions, Inc. has been designated by SCCA Pro Racing as the exclusive transmission service provider for the 2018 F4 US Championship and F3 Americas Championship. This is the newly established US operation of the series' transmission manufacturer.

Effective immediately, Sadev Transmissions, Inc. will handle all service for transmissions for both series. Sadev has serial-numbered seals provided by the series. These will be the only seals valid for transmissions serviced in 2018. Seals installed by previous service providers will be valid until further notice. The entire transmission assembly is a Type 1 part and may not be repaired by teams.
