

## TECHNICAL ADVISORY MEMO

**No:** TAMF4-2018-005

**Date:** April 17, 2018

**To:** All

**Subject:** Onroak Bulletin F4.13.03.18 – Harnesses from Sabelt

Sabelt has joined the US F4 series as a 2018 contingency sponsor. All cars in the series will be required to have Sabelt harnesses, per Onroak Bulletin F4.13.03.18. These must be installed to pass annual safety tech before official practice begins at VIR.

Harnesses may be ordered immediately from Onroak for shipment or may be picked up at VIR.

This is a mandatory update. The harnesses are Type 1 parts.
