

COMPETITOR ADVISORY MEMO

No: CAM F4-2018-013

Date: July 1, 2018

To: Teams & Drivers

Subject: Post-Incident Protocol

Teams & Drivers,

After any on-track incident, drivers will be transported to the medical center to be checked out. This will be done by either the track safety team or a designated car provided by SCCA Pro Racing.

Cars may be dropped at a centralized location during a session, however, SCCA Pro Racing will ensure that all cars and drivers have returned to the paddock before leaving race control.
