

U.S. F4 JRi Shocks Service Request Form

Please complete all fields and add any notes that you wish to have our technicians address.

Please print completed form and enclose with your shipments. A copy of this form will be sent to Ligier Automotive North America for billing. All charges for service will be made by Ligier Automotive North America.

The U.S. Formula 4 Shock Service Fee is **\$160 per shock**. In the event the shock needs any parts or additional labor that is not included in the standard shock service, you will be contacted for authorization to proceed with any further work. The price for any needed parts and an estimate of the hours required will be provided at that time.

Please record all shock adjuster settings prior to sending shocks in for service. Settings will be reset to original factory settings by our technicians to ensure proper function and adjustment range. Remove all monoball spacers and springs before shipping.

We suggest you ship using trackable service such as UPS or FedEx. JRi Shocks is not responsible for customer property in transit. Ship to:
