

F4 Competitor Advisory Memo

No: CAMF4-2020-019
Date: August 17, 2020
Subject: Hankook Motorsports New Ordering Protocol

Beginning August 24th, Hankook Motorsports will require that all orders must be placed online and paid in full prior to shipping tires or releasing tires at the track.

A special portal has been created, available only to FR and F4 teams and drivers, where orders can be placed and purchased. This portal gives teams the option to order race tires or have them shipped for private testing as well as the opportunity to notate which driver(s) they are for.

There is no cost for event delivery, and shipping to teams will be quoted and billed after the order is placed. Hankook Motorsports will bring orders to the track and services will be billed after the weekend concludes.

Hankook Motorsports asks that all race orders be placed at least 14 days prior to the start of the event to ensure the tires have time to make it on the truck. If tires are not paid prior to the start of the event, they will not be released to the team.

Of note, this portal will only be accessible to users who have been granted access by Hankook Motorsports. If you do not have a valid email address on file with Hankook, please email them to gain access to the portal: f3f4@hankookmotorsports.com. Once you have been given access by Hankook Motorsports, you can access the order form here: <https://hankookmotorsports.com/checkouts/fr-f4-order-form/>

Here is an example of what order form for the new portal looks like:

If you have questions, please contact Hankook Motorsports at f3f4@hankookmotorsports.com.
