

F4 Technical Advisory Memo

No: TAMF4-2020-035
Date: October 15, 2020
Subject: Returning ADRs at COTA

SCCA Pro Racing will collect all ADRs issued during the 2020 season at COTA.

Teams must remove ADRs from all cars entered at COTA during parc ferme after Race 3 on Sunday. This applies to both returning entries from previous 2020 events and as well as to cars for which COTA is the first 2020 series race. As usual, no other work is allowed during parc ferme.

Prior to the event, please remove any ADRs issued for cars not entered at COTA and bring them to the event. They may be returned at any time during the event.

Please return your ADRs to Stephan Bastrycki at SCCA. The tech staff will not visit teams to retrieve ADRs.

Parc Ferme will not be lifted after Race 3 until all ADRs have been returned.

Teams who have competed in 2020 events but who will not be at COTA must make arrangements for return directly with Sydney Yagel.
