

F4 Competitor Advisory Memo

No: CAMF4-2021-003
Date: February 18, 2021
Subject: Testing Rule Clarification

To clarify Article 21.3 of the 2021 F4 U.S. Championship Sporting Regulations, the last day a Championship driver may test or race a Championship car on any configuration of any track that will host a Championship Event is **Tuesday, February 23, 2021.**

As a reminder, Competitors are allowed to participate in an SCCA-sanctioned event held more than 2 weeks prior to a Championship Event. Competitors participating in the SCCA-sanctioned event may participate in the test day immediately preceding the event, regardless of who sanctions it. Testing is permissible at any SCCA Pro Racing sanctioned test event or promoter/pre-event test day, as outlined on the official schedule. All test data must be turned in per the Honda guidelines.
