17 – 20 September 2026

From	The Race Director	Document	Race Director's Memo No. 2
To	All Team Managers	Date	18 September 2026
	All Teams	Time	12:00

The purpose of this memo is to revise the regulation regarding restarts following a full course caution. During a restart you are not allowed to pass another car until after the Tyre Attenuator. This is a change to the last sentence of Driver & Team Meeting Notes – Restart Following Full Course Caution.

A driver that fails to follow the Race Director's instructions in this situation will be referred to the Stewards for a violation of these rules.

Scott Goodyear

Race Director
