#### **PUBLIC COMMENT:**

Jamie Russell gave an update on the 64<sup>th</sup> Street Bridge. After her meeting with Toby Lake, and Lake Township Supervisor Bob Mateja, they discovered that Lake Township can either pay their portion of the bridge out of their General Fund, or they have a loan option through SIB (State Infrastructure Bank).

DAILEY –

Has been gone the last two weeks. Attended the MERS conference last week, October 15th through the 17th. And then was gone this week attending the Winter Conference the 21st through the 22nd.

VAN DYKE –

Attended the Winter Conference as well, stated that it was a good conference to attend. Thanked the Board for allowing him to attend and how helpful and supportive they have been.

Gave a shout out of support to Denny Robinson and Shawn MacDougall for all the hard work they did last Friday, October 17th, with the fatal vehicle accident that took place on M37.

Dillin Frasier of Big Star Drywall is continuing on. He is now working on the concrete work on the back of building now that he has the front completed.

RangerBid Auction has taken place. The Road Commission got almost Seventy Thousand from the equipment we sold. We also did get a couple pieces of equipment that we were wanting.

ROBINSON -

Been working on getting Engineer Tech office all cleaned up and older files filed away.

Still doing quite a bit of work with Shawn MacDougall on the 48th Street Fill Project.

Last Friday's accident, on October 17th, worked 10 hours working traffic. Also had some employees blading the detour to keep that open.

Stated that we should look into safety lights employees can clip on their jackets with working as much traffic as they did at accident with no help from the Sherifs office.
