

AM15

Flush - Low Profile Center Channel Speaker Wall Mount

Features:

- Fits most Center Channel style speakers
- Adjustable depth from 7" - 11.5"
- Max Weight Load: 33 lbs
- Low Profile
- Adjustable width (unlimited)
- Material: Steel
- Mounts 1 Speaker
- Color: Black

The AM-15 speaker mount is designed to mount a single center channel style speaker on the wall. A dual arm design provides custom placement of the speaker making installation fast and easy. Arm depth can be adjusted from 7" to 11.5" and can be placed at any width making it well suited for large or small center channel speakers. Arms are constructed of steel to provide maximum stability and a 33 lbs weight handling. Specially designed isolation pads eliminates vibrations and keeps the speaker in place. Available in Satin Black.

Model: AM15-Black
 Unit Weight: 3.1 lbs
 UPC: 893871002101
