## Official SCCA Club Racing Approved Alternate Fuel Cell Supplier List

Safety fuel cells shall be constructed in accordance with FIA FT-3 or higher specifications and tested to those requirements by an independent facility as witnessed and certified by a Professional Engineer. The results of these tests shall be submitted to the Club Racing department for inclusion in this list of approved suppliers. All safety fuel cells shall consist of a foam-filled fuel bladder enclosed in a metal container at minimum. There is no restriction of fuel cell capacity or dimensions of the fuel cell, except where otherwise specified.
