

Chief of Tech

Pre-Event Responsibilities

- Familiarize yourself with supplemental rules for any event specific class information
- Familiarize yourself with the location of required and contingency tech decals
 - Ensure that tech decal has appropriate information included:
 - Class/Classes
 - Car number(s)
 - Weight (if necessary)
 - Wheel base (if necessary)
 - Ensure that two driver cars receive a #2 decal to designate the car as a 2 driver car
 - Ensure that all cars have appropriately sized and contrasting numbers and class letters
- Ensure that tech opens on time
- Ensure that tech is adequately manned for event tech on the day prior to competition from 3pm to 7pm.
- Ensure that tech is adequately manned on the morning of competition for late event tech from 6:45am to 8:00am
- Be available after tech closes in the event of a late arrival that needs late tech (special circumstance and not a normal occurrence)

Event Day Responsibilities

- Be available in the event that a car has a repair made and needs to be re-teched

Post Event Responsibilities
