1 - These tires are no longer being produced but remaining stock is still available for purchase. They are being monitored and may be deemed ineligible in the future due to lack of availability.

2 - Excludes the 275/35/ZR18, 295/35/ZR18, and 295/40/ZR18 that are available in a 140 treadwear rating.

3 - Currently this tire does not have enough available tire sizes to be eligible for Street or Street Touring. If more become available, it could be deemed eligible for those categories.

4 - Only a few tire sizes meet the 200 treadwear rating but not enough to be deemed allowed.
