

Runoffs Report (Drivers/Teams) - September 30, 2024

Prepare to qualify...

Testing is complete and we are ready to begin qualifying for the 60th Anniversary SCCA National Championship Runoffs presented by Sunoco!

Here is the news and information you need to know today:

Notes from Race Director Steve Pence:

A couple of key notes for Drivers as we have some that did not participate in the test days.

- To ensure technical compliance, if you exit the track anywhere but Pit Lane you should expect to lose your session times. This does not apply if you are towed in.
- When you arrive on grid you must have your orange event wristband, event Tech sticker. Please confirm your Flagtronics and Transponders are operational.
- Please be advised that Rettich Rd. along the Tech Center Building is one way south to north. Do not attempt to enter that lane from the north side of the Tech Center - this applies to all motorized vehicles, *including golf carts*!
- Please do not park in the impound area, as of tomorrow it will be blocked off by fencing.
- It is important to keep all fire lanes clear.
- Please remember this event will utilize an acceleration zone for the leader during a race. The acceleration zone is marked by "start" banners, drivers left on the front straight. Please review Supps section 5.18.7 for additional details.

Thanks for your attention to these matters.

Flagtronics Update Information:

Anyone needing to still make an update, please follow the links below. (Windows 10 or newer)

Instructions are available here: https://scribehow.com/shared/Updating_FT200FT-RD_Firmware_with_Flagtronics_Device_Manager_Software_gvY21QZvS2ayuCgfdlPzQ
