- Still want a better process for incident reports. Perhaps divisional stewards can be a better conduit to getting the reports out.

• **UTV Committee (Nagel/Parsons/Singh)**

- Received a question about if a particular Yamaha UTV was able to race. Doors are lower than previous models so that's a no.
- The UTV committee should probably be kept together to answer these types of questions.

EFFECTIVE FIRST DAY OF THE MONTH UNLESS OTHERWISE NOTED

- Nov. 8-9 Iowa Region, (Central Divisional Challenge) – Shullsburg, WI
 - We are working on a master planning spreadsheet, to give to host regions, which will ensure that the challenges are held to a standard as much as possible.
 - We need to add a rule that a competitor can only enter a national event as driving only one vehicle. As in not being able to pay more than one entry to drive two separate vehicles in two classes.
 - Host regions for divisional challenges will begin to receive a list of things that the national office will provide and what is expected in return.
 - What the region will receive:
 - Trophies (Unless they want to provide their own. In that case, they will be reimbursed with the budget is available for the event.
 - RallyCross windshield banners and decals.
 - Large RallyCross banner with the current logo and says Divisional Challenge.
 - Cover sanction and insurance fees.
 - Help with event promotion and coverage
 - What is expected of the region:
 - Registration link open 6 weeks prior to the event.
 - Event conducted consistent to supplemental rules.
 - Final results by the end of day on Sunday so they can be posted on SCCA.com.
 - If live timing is being used, give a link so it can be posted to SCCA.com.
 - Working towards sharing the expense with the region to send someone out to cover timing and perhaps in the future have a person that can oversee the complete the event to ensure the event is carried out correctly. This wouldn't be until 2026.
 - Will update SCCA.com to reflect all of the challenges for 2025 and update the wording from Tour to Divisional Challenge.

• **Divisional Steward Liaison (Singh)**

EFFECTIVE FIRST DAY OF THE MONTH UNLESS OTHERWISE NOTED

- SoPac are working to have a women only PAX system. TVR region currently uses a PAX system so they will be tapped to get information from.

• Spec Class (Parsons)

- Received 70+ responses to the truck rules.
 - #1 complaint – No ½ ton trucks.
 - #2 complaint – No forced induction.
 - #3 complaint – Too many allowances for a “prepared” class.
- Added - Under 2.5L engines can change the cam and springs.
- Revisions sent to the RXB and rules committee for comment before sending back out to the general public for more comment.
- A preamble will be added to the rules to let people know what is trying to be accomplished with this new class.

7. Old business:

- Nothing to Report.

8. New Business:

- Website adjustment:
 - RallyCross Cars and Rules page still shows the 2024 UTV Rules
 - UTV Technical Inspection Form is not listed as available on the same page.
 - UTV Sport Class Eligibility Disclosure Form is shown twice on the same page.
 - National Tour name change to Divisional Championship and wording in the paragraph.
 - Please add all of the dates.
- Rule book adjustment
 - 3.3 VEHICLE CLASSIFICATION
 - Does not include UTV as eligible for National competition and still excludes the class at an organizer's discretion. Will have the national office put in a request into the letter system.
 - Andrew will submit a letter for the change.

EFFECTIVE FIRST DAY OF THE MONTH UNLESS OTHERWISE NOTED

- There is some interest in cross karts. In the future, there may be a way to fit them into the rules. Karts may only be able to attend events where the site is more wide open because of the higher speeds. There's a lot to think about.
- Service awards for outgoing RXB members are being done and maybe something for outgoing committee members.
- We will look into a way to do a RX school and make it something that can be sent out to regions to duplicate. Basically either a two day event with day 1 training on sweepers, slaloms, etc. and day 2 being an event that puts all of those elements together or a single day event with the morning half as training and the second half as competition. Some regions are currently doing this.
- Naturally aspirated vs. forced induction discussion. We're not sure if we are going to do anything with this.

9. Motion to adjourn: 7:35 MST

10. Next RXB Meeting: March 4th, 2025

EFFECTIVE FIRST DAY OF THE MONTH UNLESS OTHERWISE NOTED

Meeting Minutes for RallyCross Board Meeting, Tuesday, March 4th 6-8PM MST

In attendance via Zoom meeting: (RXB) Jeremiah Hemphill, Nigel Mott, Steve Parsons, Gonzalo San Miguel, Sanjay Singh, (Staff Liaison) Rick Myers (BOD Liaisons) Andy Howe, David Vodden

Call to Order: 6:05pm MST

- ❖ To further advance safety standards for event operations and to more closely align with the Solo program RXB approves the requirement of fluorescent Yellow Safety Vests for all Course Workers and Orange Safety Vests for all Photographers and associated Spotters. This requirement will go into effect Friday March 28. Appropriate vests are widely available from many suppliers at nominal cost.
- ❖ RXB consensus is that Divisional Stewards should approve RXSS renewals. This will require changes to the RXSS training video and documentation. Timing of changes to be determined.
- ❖ The ability for RXSS to enter events worked into their profile is being tested.
- ❖ Great Lakes Divisional presentations including one regarding Course Design were identified as being well done and useful.
- ❖ South Pacific Divisional Challenge was very successful. A great location and event!

- ❖ New SCCA Banners are available for Divisional Challenge Events.
- ❖ Event Feedback forms will be implemented for all Divisional Challenges.

EFFECTIVE FIRST DAY OF THE MONTH UNLESS OTHERWISE NOTED

Meeting Minutes for RallyCross Board Meeting, Tuesday, April 1st 6-8PM MST

In attendance via Zoom meeting: (RXB) Jeremiah Hemphill, Nigel Mott, Steve Parsons, Gonzalo San Miguel, Sanjay Singh, (Staff Liaison) Andy Howe, David Vodden

Call to Order: 6:05pm MST

- ❖ There is a correction to the previous RXB Minutes regarding Safety Vests. RXB recommends the use of fluorescent Safety Vests for all Course Workers, Photographers and their Spotters. Different color Vests for Course Workers, Photographers and Spotters may be helpful from an operational perspective but are optional. The strong desire is to increase safety through enhanced visibility. RXB notes that Safety Vests are required for Solo Nationals and will continue to consider if Vests will become a future requirement.
- ❖ RXSS fillable PDF in Member Profile appears to be working correctly. RXB members have used it to enter their RXSS events with no issues.
- ❖ Next Divisional Challenge (Midwest) is in Oklahoma on June 14/15.
- ❖ Truck Class can be run as an Exhibition Class at Nationals. The process will continue towards inclusion of approved Truck Class rules for 2026.
- ❖ Discussion to allow 3 or 4 driver cars at National events across multiple classes. The helps reduce cost and increase participation. RXB supports this scenario. The biggest challenge is around run/work assignment logistics and guaranteeing a workable run order weeks before the event.
 - Solo has a box that can be checked for National events indicating if the Car will be run in 2 separate classes. Consensus was that this would be a viable solution for Rallycross. For example a car could be entered into Stock Class and Prepared Class with 4 Drivers.
 - Pending feedback, this scenario may be addressed in the Rallycross 2026 National event supplemental rules. In the meantime the suggestion is to reach out to the Event Organizer so that they can appropriately plan run/work assignments.

Motion to adjourn: 7:34 MST

Next RXB Meeting: May 6th, 2025

Call to Order: 6:03pm MST

- ❖ New wording for rules related to Passengers and Drones was reviewed. No concerns were raised. A formal Letter will be sent by Rick Myers which will be approved on behalf of RXB by the Chairman.
- ❖ The final request for Membership input on the proposed Truck Class rules had been posted in Fastrack.
- ❖ It was confirmed that Truck Class can be run as an Exhibition Class at Nationals utilizing the proposed Draft rule set. As an Exhibition Class no trophies will be awarded. Divisional Challenge event organizers will also be encouraged to allow Truck Class participation as this helps provide additional data for the new class. If approved by the SCCA Board later this year, Truck Class will be added to the 2026 SCCA Rallycross Rules as an approved class, eligible for National competition.
- ❖ RXB is exploring ways to promote UTV participation while enhancing the understanding the rules and safety requirements related to these vehicles. Ideas that will be pursued include a SportsCar News article, Additional communication to the RXSS community and the creation of a Technical Inspection training video that will be posted to the SCCA YouTube channel.
- ❖ RXB discussed ways to help smaller regions grow. An idea that will be pursued is the creation of an Event Management and Financial Planning module to be presented at next year's convention.
- ❖ The Midwest Divisional Challenge is 5 weeks away and RXB expressed the hope that competitors would provide strong support for the event.
- ❖ There are currently 3 vacant Divisional Steward positions. A request for candidate applications will be submitted through SportsCar News.
