 - b. Waivers -- Bob -- need to list each program and what is specific to that program, have a written presentation available in file cabinet (or somewhere); Chris said this is being worked on, he is heading this up on staff side (with Jamie Mullin and others at national) to cover minor drivers, minors signing waivers and other concerns; send any concerns to Chris.

1. February 2025 minutes – approved as published, new procedure mostly worked.
2. Planning calendar – Jeanne – published 3/9/25.
3. NEC Report – Mike – submitted a technical bulletin to legitimize what we are already doing, allowing organizer to fix score(s) if GPS does not trigger at a control; Bob asked about using back-up device as preferred method instead of averaging scores. Motion: accept the amended proposal, using the backup device as the preferred method, and the average of non-maxed controls as the fallback method; approved unanimously.
4. RRDC – John – at their meeting, talked more about convention things and about what can be done to help regions with their road rally programs; considering having a photo contest; possible Zoom sessions for aspiring rallymasters; looking at additional effective ways to use DRRSs. Bob asked about the ongoing development of poster/display/handout about which waiver should be used for which type of event, Chris said that it boils down to who is participating, e.g. driver, navigator, passenger.
5. Staff report – Jessica met with Heyward Wagner and other staff members, including Peter Schneider and Jim Crittenden; they talked primarily about this year's USRRC; Heyward was concerned that there was not (currently) a national course rally, that the third event was more like a GTA, did not have classes, and how to score points for the weekend.

Jessica asked Greg if he is feeling confident with his plans so far; he responded yes, and said that putting on the event is easy, the hard part is promotion. Chris said that Langlee King (SCCA Media Coordinator) is key to getting the word out. Peter suggested reaching out to the area director, Dale Frame. Greg added that he has gotten support from Summit Point Raceway, and that the Sunday rally may be a charity rally.
4. Response to Cheryl Babbe's email about the future of the USRRS -- Jessica has written a letter to her, Heyward wants to see it first, Jessica will copy the RRB.

5. Rallymaster license -- Chris said this is on hold for now because he and staff are working on the Solo course development license. Bob would like to see something either showing why we don't need it or why we do. 1. USRRC – Jessica – Greg reported that sanctioning is done, registration is done on MSReg, coming along with RIs, biggest hurdle is promotion, he has sent information to SCCA staff/marketing; Jessica asked if he is feeling good about things, Greg said yes about the courses, and the other stuff is sort of getting there; Peter will add a blurb about it to the upcoming email blast.
2. Quarterly Zoom, 7-24-25 – Nikki Edwards wants information so she can promote. Topics – Greg will give a short presentation about this year's USRRC (Come on out and run! It'll be fun!); Larry will do a presentation about his timing log for Richta; Jessica will comment about the deadline for rule proposal changes; it was also suggested that this would be a good time promote getting volunteers for various RR positions and committees, to get people thinking about it.
3. RR Logo and USRRC logo – Jessica and Bob – Bob sent a proposal for the new logos but has not heard back; Peter likes the compass rose for the USRRC, will it be ready to use NOW? Chris will check on this.

New Business

1. Rules Process – Clyde – sent out an email with current proposals received, says some folks are still considering submitting something; deadline is 7/31, then do an RRB email chain before the August meeting, do a separate chain for each proposal.

2. National Championship Events Series – Ed – is keeping the numbers of rallies updated. There have been 12 tour rally equivalents held thru 1 Jul with an average of 12 teams per event. There has been 1 course rally equivalent thru 1 Jul with an average of 6 teams per event. There have been 3 GTA rally equivalents thru 1 Jul with an average of 3 teams per event. Need to update when championship goes away and why. Peter sent him communication guidelines to review and propose changes.
3. October Zoom – 10/24/25, review of USRRC, another (short) call for program volunteers, short LMS presentation from Chris; John P and Bob to briefly touch on these roles: RRB, NEC, RRDC, Div Rally Stewards, rallymaster, and RRSS.
4. Chris commented on a proposal from Clarence Westburg and Tyler Linner for an off-road rally (T/S/D, not stage rally), he will talk with Rick Meyers.

ROADRALLY BOARD

The RRB met via Zoom on September 11, 2025. Chairman Jessica Toney called the meeting to order at 8:32 pm EDT. Attendees: Jessica Toney (Chairman), Larry Scholnick (RRB, DRRS), Bob Sonntag (RRB, RRDC), Ed Sain (RRB), John Poulos (RRDC, DRRS), Mike Thompson (NEC, DRRS), Chris Robbins (National Staff, RRB, RRDC), Jeanne English (secretary). Not present: Clyde Heckler (RRB, DRRS), Peter Schneider (BOD Liaison), Kim Whitener (BOD Liaison), Jim Wakemen (NEC).

1. August 2025 minutes – Jeanne E – approved as published and uploaded.
2. Planning calendar – Jeanne E – published September 6, 2025.
3. NEC Report – Mike T – Oktoberally coming; NE Ohio rallies on Nov 1 and 2 cancelled; Jim Crittenden planning Colorado Adventure Rally July 16-18, 2026, to be vacation/destination/travel/adventure event.
4. RRDC – John P – at their meeting they discussed possible ways to grow attendance; also started discussing possible topics for 2026 Convention. Bob talked about numbers of people applying for and holding RR Safety Steward licenses.
5. Staff report – Jessica – spent time discussing this year's USRRC, and what support Greg Lester wants/needs, she will call him. Talked about Colorado Adventure Rally, designed for broader appeal, Heyward Wagner likes this proposal, invite Jim C to November RRB meeting to talk about it. SCCA National wants the USRRC to be more of a championship event, and would like it to be near one of SCCA's other big events, e.g. Runoffs; the RRB has received a proposal from St Louis for next year (see New Business 3 below), so this 'new' version is pushed to 2027; might be able to get money from national. Jessica also shared more about her regular RoadRally meetings with the SCCA staff and Jim Crittenden.

OLD BUSINESS

1. 2025 USRRC -- USRRC this year looking good (see above); Larry asked about long-distance pre-check, Jim W taking care of this.
2. October 2025 Quarterly Zoom – USRRC recap
3. Proposed rule changes – September 30 deadline for comments approaching, will discuss at the October meeting. Jessica and Chris talked with Tyler Linner about his proposal and why it was not sent out for comments, primarily liability concerns, will set up meeting with insurance folks, Tyler was receptive as to why it was not distributed.
4. National Championship Events Series discussion – Ed – sent recent stats: there have been 19 tour rally equivalents held thru 9 Sep with an average of 13.3 teams per event, 4 course rally equivalents thru 9 Sep with an average of 7 teams per event, and 4 GTA rally equivalents thru 9 Sep with an average of 4.7 teams per event. Additional notes: the total number of entries in tour by class: 39 in E, 63 in G, 12 in L, and 85 in S; the total number of entries in course by class: 9 in E, 4 in G, 2 in L, and 4 in S.

ROADRALLY BOARD

The RRB met via Zoom on October 16, 2025. Chairman Jessica Toney called the meeting to order at 8:30 pm EDT. Attendees: Jessica Toney (Chairman), Clyde Heckler (RRB, DRRS), Larry Scholnick (RRB, DRRS), Bob Sonntag (RRB, RRDC), Ed Sain (RRB), Chris Robbins (RRB, National Staff, RRDC), Mike Thompson (NEC, DRRS), Peter Schneider (BOD Liaison), Kim Whitener (BOD Liaison), Jeanne English (secretary). Not present: Jim Wakemen (NEC), John Poulos (RRDC, DRRS)

1. September 2025 minutes – Jeanne – approved as published and uploaded; please follow approval time guidelines.
2. Planning calendar – Jeanne – published October 8, 2025.
3. NEC – Mike -- a couple more nationals coming up in November which ends national season.
4. RRDC – John -- John not here, Jessica – how to encourage novices.
5. Staff report – Jessica -- discussed 2026 USRRC in St Louis, and Colorado Adventure Rally

OLD BUSINESS

1. 2026 USRRC – St Louis Region has agreed to change their date to October 10 – 12, 2026, Indigenous People (Columbus Day) weekend.
2. 2025 USRRC – 21, 22, 39 cars, lots of first-timers on Sunday, why? It was a charity event for a bike group; 15 teams did all three days. Peter – first two rallies nicely paced, gravel and free zones, third rally had traps, CASTs 13 and 18, tulip diagrams, Bob – third rally was ‘go when you could’, interesting concept, perhaps too long.
3. Frank Beyer – Bob – Responded to latest series of emails regarding the language in the event waiver for New York. The workaround solution is to use the annual waiver. The series of emails eventually revealed that Frank does not participate in New York and won’t use the annual waiver; Chris – this was resolved in 2024; Peter – suggested that Chris ask National about wording on Speedwaiver.
4. 2026 Board vacancies -- no RRB term-outs this year, Larry does next year; NEC and RRDC no term limits, John Poulos wants replacement as chairman of RRDC (will stay on as member), continue to recruit.
5. Colorado Adventure Rally – Jim Crittenden intends it to be more than just a rally, with various things to do each day, more next month.
6. National Championship Events Series discussion – Ed – sent recent stats: There have been 25 tour rally equivalents held thru Oct 13, 2025 with an average of 14.0 teams per event. There have been 6 course rally equivalents thru Sep 9 with an average of 7.5 teams per event. There have been 4 GTA rally equivalents thru Sep with an average of 4.7 teams per event. The total number of entries in tour by class: 57 in E, 73 in G, 18 in L, and 104 in S. The total number of entries in course by class: 13 in E, 8 in G, 2 in L, 7 in S. Totals are through the USRCC events (two nationals).

New Business

1. USRRC, SCCA membership and points -- Chris -- all other SCCA programs allow Weekend Members to 'ride along', then push to require full membership for national events; at this year's USRRC, a novice WM team won novice class, Chris and Peter decided they would be 'class champion', not 'national champion'; Clyde -- RRRs say that for annual championships (not USRRC champions), WM can convert to annual national membership by November 1 for their WM points to count for national championship; Chris and Peter -- must be annual member for USRRC championship. Jessica -- motion: must be annual member for USRRC championship award -- approved unanimously.
2. October Quarterly Zoom -- Notice not out yet, move to following week. Open discussion about this year's USRRC. Jessica will introduce list of topics, ask about convention topics, ask for volunteers/interest in for committees (RRB, NEC, RRDC). [Update: Quarterly Zoom was held Oct 23.]
3. SCCA convention sessions -- Chris -- Abby Scher needs number of sessions (not specific topics) by the end of this month, typical is 5 including town hall, theme is Level Up.
4. Program announcements re Award Nominations -- Jessica -- due in December, get out notice about Ridges award.
5. Rules changes (listed by proposal number):
 1. Revision to Gervais and Teter voting -- Rich Bireta said there should be at least three events scheduled. Vote: pass unanimously without amendment. Vote to add amendment as described: pass unanimously.
 2. Eliminate GTA championship -- Clyde said that if approved, it should be noted that regions are still encouraged to present regional/social events (only championship is being eliminated). Vote: pass unanimously. Clyde's addition is approved (Clyde will do wording). Bob suggested including wording to the effect that improved participation & interest could lead to the reinstatement of the GTA championship.
 3. Revision to allocation of worker points (to be in same series). Vote: pass unanimously.
 4. Procedure if time fails to record. Vote: pass unanimously.
 5. Roundabouts and traffic circles -- Clyde and Mike -- put this in event generals. Vote: fail, 1-5.
 6. Controls in no passing zones (delete 'lengthy...' from RRRs). Vote: pass unanimously.
 7. Single championship -- this proposal included GTA rallies, so now moot based on 2 above. No vote taken.
 8. Single championship (combine tour and course) -- Vote: fail, 0-5-1

9. Penalty clarification – delete last sentence of proposal (about prescription drugs).

Vote: pass unanimously.

10. Time allowance purposes. Vote: 3-3, fail by lack of majority.

11. Add definition of roundabout to glossary – ‘circular intersection’ is rotary, roundabout, traffic circle, et al. Vote (definition to be ironed out in next week, Jessica will do this): pass unanimously

For Board Of Directors meeting, Peter and Bob will compile the list for submission

Miscellaneous Item (Peter Schneider)

- It's possible for members to update their areas of interest (primary and secondary) in member profile information.
- Unfortunately, little meaningful use of that information is possible.
- To check or change one's areas of interest information:
my.scca.com → My Account → My Profile →
Edit Areas of Interest (left of screen, first gold box below "My Membership Card") →
Primary Areas of Interest (single selection allowed) →
Secondary Area of Interest (multiple selections allowed)

Colorado Destination Adventure Rally (Jessica Toney, Heyward Wagner)

- National Tour rally. Longer and a bit different style, more expensive.
- Treating it as a pilot program test event.
- Vacation-style event with overnight stops.
- Sponsored by Colorado Region; backed and funded by the region.
- Jim Crittenden is the rallymaster.
- Could lead to the 2027 USRRC being a "destination adventure" rally.

Speed Observation (Jessica Toney)

- Expecting to hear from SCCA legal on various ramifications of implementing a speed observation system and concerns about the associated data captured/retained.
 - Response may be delayed by convention priority focus.
