GOODYEAR B-SPEC 2026 CONTINGENCY ANNOUNCEMENT

Goodyear Racing, in partnership with the Sports Car Club of America (SCCA) and the B-Spec Class Action Committee (BSAC), is pleased to announce the 2026 Goodyear B-Spec Tire Contingency Program. This program continues our shared commitment to supporting, encouraging, and rewarding participation across all levels of B-Spec competition.

Key 2026 Program Elements

Major Event Support: Two cornerstone events have been identified for 2026: the SCCA National Championship Runoffs and the June Sprints at Road America.

- At the 2026 Runoffs, each driver that completes an official qualifying lap will receive one free tire, distributed onsite during the event by Goodyear.
- At the 2026 June Sprints, Goodyear will award 15 tires through a random drawing among participating B-Spec competitors.

Conference Participation Awards: To recognize drivers competing at the highest levels throughout the year, the top five point finishers in each SCCA Majors conference will each receive a tire at the conclusion of their respective conference championships.

New for 2026: Regional Driver Partnerships: Goodyear is expanding its grassroots engagement by partnering with select B-Spec drivers who actively support and promote the class at the regional level. Derrick Ambrose, JB Swan, Frank Swartz, and Chris Taylor will serve as liaisons, helping connect Goodyear with drivers who may not regularly compete on the national stage.

Mid-Ohio B-Spec Gathering: The popular B-Spec community gathering will return during the Super Tour weekend at Mid-Ohio in May. Last year's event was a tremendous success, and planning is already underway to make the 2026 gathering even better. Additional details will be shared as the event approaches.

Our Commitment

Goodyear, SCCA, and the BSAC carefully evaluated the needs of the class and remain committed to delivering a contingency program that rewards participation at both marquee events and at the grassroots level. We look forward to supporting B-Spec competitors throughout the 2026 season and contributing to the continued growth and visibility of the class.

Thank you to all drivers, teams, volunteers, and crew whose dedication drives the success of B-Spec, SCCA Road Racing, and Goodyear Racing Tires.
