- The two Rallycross sessions that were presented during the SCCA convention were well received and got positive feedback from members. The general sentiment is that Rallycross is on a positive track and continues to stabilize and grow.
- Rick made the point that several Divisional Conferences were occurring shortly after the Convention and that many of these contained strong Rallycross content.
- Andy shared that the Board of Directors had discussed and approved three pillars that would be used to help guide the clubs future direction, programs and activities.
