

National Tour Prize Closet Challenge

4th Run Format:

- The 4th run is optional
- This will be run by heat, so each heat will have its own 4th run competition.
- If you take the optional run, each day's 4th run will be added together and indexed.
- The fastest combined 4th run index time at the end of both days sets the "Author" time which then dictates the additional time buckets.
 - The Winner of each Bracket is the person closest to the target without going over.
 - Author Time: Fastest index time per heat
 - Gold Bracket Time: This time is +1 second from the Author Time (without going above).
 - Silver Bracket Time: This time is +2 seconds from the Author Time (without going above).
 - Bronze Bracket Time: This time is +3 seconds from the Author Time (without going above).
- Any cone penalties on either day's 4th runs will be scored a DSQ for that run.
- Public facing timing displays will be turned off and 4th run times will not post to Sololive.
- The Author Time winner and each bracket winner will be entered into a lottery for visits to the SCCA prize closet. Names will be drawn at the 2026 Solo Nationals (you do not have to be present to win).
- Results will be posted to show bracket standings (without times) after Day 1 competition.
- Full results for 4th run times and final bracket standings will be posted on Day 2.
