Class Ambassador's Briefing

Hoosier SCCA Super Tour Presented by Finger Lakes Region SCCA

Welcome SM & SMX Drivers & Teams! I'm Greg Amy, your SM and SMX Class Ambassador in 2026. I will arrive at the track Thursday afternoon and will be near the SCCA Tech trailer in Impound all weekend. ***Please forward this letter to your team so they're aware!***

SUPPLEMENTARY REGULATIONS: yup, they're boring. But we have drivers being penalized for things that are clearly called out in the supps. Read 'em, it's worth the five minutes.

SPORTITY: Have at least one person on your team download and use the Sportity app for event announcements; the event password for the this weekend is **26-HST-WGI**

ENTRANT vs DRIVER: There is a space in your entry form for an "Entrant". Designate a trusted team/family member as your Entrant, that person can speak for you or take action on your behalf, and can attend and speak at any meetings with officials. You can make that change at Registration.

TIRES: As always, one set of tires for the whole weekend, starting with first qually. Tires will be marked in Impound after Q1.

YELLOW FLAGS: We had many penalties handed out at Road America for not significantly slowing down under local yellow flags. Stewards will be watching closely for this.

SMX DATA UPLOADS: We are *still* seeing penalties for failure to submit AIM data within 60 minutes *from the end of* ***every*** *timed session.*

- You should be prepared to download and submit your data while in Impound, if necessary.
- If you need Internet access, we have it at the SCCA Tech trailer.
- If you are having difficulty with the data download/upload, then come find me. I'm glad to help and, if needed, ask SCCA Tech for more time.
- You will get a confirmation email from AIM; recheck your email for it after submitting it. ***If you do not receive that confirmation then something is wrong!*** Follow up with AIM and me before the deadline to resolve it.
- Note you must submit the data *even if you do not finish the session/race!*
- Penalty is loss of qualifying times and/or loss of race finish positions…or maybe worse.

Please reach out or come visit if you have questions or need anything!
