

HELP IVY GROW

2026 Tire Rack® SCCA Solo National Championships OFFICIAL CONTINGENCY PROGRAM

Program Name:	Help Ivy Grow Contingency Program
Contact:	help.ivy.grow@gmail.com Help Ivy Grow is a fundraising partner of the n-Lorem Foundation, a registered 501(c)(3). This is an optional, non-cash contingency program.
Program Duration:	2026 Tire Rack SCCA Solo National Championships, Lincoln Airpark, Lincoln, NE September 7 to 11, 2026
Class Eligibility:	Any and all competition classes. Racer must run the official Help Ivy Grow sticker on both event days on the REAR BUMPER
Sticker Required:	YES. One (1) sticker, placed on the rear bumper. Mod cars can be placed on wings or other highly visible areas. Sticker must be visible and worn for every timed run across both days to qualify. Availability: pick up a free sticker at the NER Region Paddock Area.
Donation:	Strongly encouraged at www.helpivygrow.com/donate
Award Information:	Any trophy winner in their class receives a small foam cone trophy, stamped with the Help Ivy Grow logo. This is the only trophy awarded. Representatives for Help Ivy Grow will be onsite Wednesday, Thursday and Friday for awards.
Trophy Availability:	50 small foam cone trophies have been ordered for this event, distributed on a first come, first served basis as sticker runners are confirmed in each class. Special thanks to Solo Performance Specialities for producing the cones. Additional trophies will be ordered if demand exceeds the initial supply of 50; a short delay may apply to any awards beyond that count.
Redemption:	Submit one clear photo of your car with the sticker visible, plus your name, class, and finishing position, to help.ivy.grow@gmail.com within 30 days of the event. Official results will be verified against SCCA National Archive results. If a racer runs the sticker for only one of the two event days, class trophy awards are not eligible.

This is a basic contingency program administered by Help Ivy Grow. Help Ivy Grow retains the option to change award details at any time during the 2026 event. Every dollar raised through Help Ivy Grow supports the n-Lorem Foundation's work on Ivy's GRIA2 directed research program.
